

MegaMarie Program in English

The data of the offers and current as well as further information can be found on our website: www.mmi.ch/megamarie.

Offers

Fadenspule (Bobbin)

Infants from 0 to 4, with an accompanying adult.

You will find the opportunity here to spend time with your child, meet others, and have plenty of space to play. Professional staff trained in early communication between parents and their children are available to listen to any concerns or questions you may have.

You are welcome to come any time during our opening hours. You do not need to register in advance. You may make a financial contribution (5 - 15 CHF recommended).

Freedom of Movement

Children from 4 to 20 months accompanied by an adult.

By crawling, climbing and exploring various toys, your baby develops a sense of his own body, forms his early relationships and learns to move securely and harmoniously. Adults support their child's learning through close observation and recognize their child's abilities. This attitude helps them feel confident and enables them to see their child in a new light.

You don't need to register for this activity which is free of charge. Maximum 10 families. For residents of the city of Zurich.

Book Start

For children up to 3 with an accompanying adult.

Book Start Switzerland is a national project to promote early language and to encourage parents and children to come together over books. Plunge into the world of books, nursery rhymes and songs together.

This event will take place in Swiss German and welcomes children up to 3 with an accompanying adult and nursery schools. Children and parents who speak another language are welcome too. You do not need to register in advance. You may make a financial contribution (5 - 15 CHF recommended).

Kritzl und Klecks (Scribble and Splotch)

For children from 2 to 5, the younger ones with an adult.

Mr Scribble from the Land of Lines and his friend Mrs Splotch from the Continent of Colours invite you to come and try out all sorts of inventions and creations. You may also play and look at books if you like... Groups of children from nursery schools are welcome if registered. Individual children do not need to register in advance. You may make a financial contribution (5 - 15 CHF recommended).

Music and movement

For children from 18 months to 4 years with an accompanying adult.

Children will learn songs, dances, musical games and finger rhymes. Together we will experiment with sound and explore tempo, pitch, intonation and pulse, supporting the development of coordination, listening and language skills. We'll experience the joy that comes with discovering music in a group environment, which can greatly enhance the bond between them and their accompanying adult, alongside newly made friends.

The course will be taught in English - children and parents of all languages are welcome! Following the 45-minute course, we will stop for a snack. Children can then continue to make music or play freely for the rest of the session. You may make a financial contribution (5 - 15 CHF recommended).

Draw, build, create

For children from 5 onwards, no adult required.

In these creative art sessions the children may draw, paint or build things. The aim is to discover and experiment with different materials and methods.

They may also play and read books...

You do not need to register in advance.

You may make a financial contribution (5 - 15 CHF recommended).
